This equipment has been tested and found to comply with the limits for a Class B digiu7 idevice, pursuant to Part 15 of the FCC Rules. These limits areidesigned to provide reasonable protection against harmful interference in a residential insu7 lation. This equipment generates uses and can radiate radio frequency energy and, if not insu7 led and used in accordance with the insuructions, may cause harmful interference to radio communications. However, thereiis no guarantee that interference will not occur in a particular insu7 lation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment o and on, the user is encouraged to try to correct the interference by one or more of the following measures:

--Reorient or relocate the receiving antenna.
--Increase the separation between the equipment and receiver.
--Connect the equipment into an outlet on a circuit di erent from that to which the receiver is connected.
--Consult the dealer or an experienced radio/TV technician for help.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:
(1)This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Changes or modifications not expressly approved by the party respme1.2ful 1etlet on a circuit di erent
